Company training via webinar: Our company trainings via webinar may be performed directly on the customer's application and are of course exclusively for your company. The schedule above lists all training content available and will be adapted individually to your needs. Prices depend on training duration and number of participants. Each of them will receive comprehensive training material and a certificate. A QF-Test training license will be provided. In order to achieve best training results we recommend all participants to familiarize themselves with QF-Test in advance, e.g. by watching the QF-Test videos: <https://www.qfs.de/en/qf-test-videos.html>. Please plan one additional hour per day for exercises.

For registration or questions regarding training, please send an email to webinar@qfs.de, a fax to +49 8171 38648-16 or simply call us: +49 8171 38648-10. Find further webinar offers here <https://www.qfs.de/en/qf-test-support/webinars-reviews.html>.

Technology for webinar: QFS uses TeamViewer or GotoMeeting (no additional costs for you), but upon request, other software may also be used, provided that interoperability and functionality is confirmed by all parties (a plugin of TeamViewer or GotoMeeting will be installed automatically at your side). Please ensure that the technical and organizational preconditions are met in advance.

This offer is for corporate customers only. Prices exclusive of VAT, as of June 2018. Subject to alterations. Licensing, support and training or consulting for QF-Test are based solely on the conditions listed on our web page at <https://www.qfs.de/en/contact/terms-conditions.html>.
