	Day/Module 1	Day/ Module 2	Day/ Module 3	Day/ Module 4
1,5 h	<ul style="list-style-type: none"> • Installation, structure and use of QF-Test • Capture/replay • Checks, run-logs, reports • Creation of a test-suite 	<ul style="list-style-type: none"> • Data-driven testing • Control structures • Test execution via batch and daemon mode 	<ul style="list-style-type: none"> • Distributed test development and working in a team • Test documentation • Extending functionality via scripting (Jython/Groovy/JavaScript) • Testing PDF documents 	<ul style="list-style-type: none"> • Troubleshooting for changes in workflow and GUI • Optimizing component recognition using resolvers and generic components • Keyword-driven testing and behavior-driven testing (BDT) and load tests
1-1,5 h	Break			
1,5 h	<ul style="list-style-type: none"> • Modularization with variables and procedures • Debugger 	<ul style="list-style-type: none"> • Windows and components • Sub-items of complex components 	<ul style="list-style-type: none"> • Advanced working techniques • Ensuring prerequisites and postconditions („Dependencies“) • Recovery management 	<ul style="list-style-type: none"> • Integration with external tools • Usage of QF-Test API (Intervening in test run, etc.) • CustomWebResolver for AJAX toolkits • Hints for starting a project • QF-Test community

Standard training via webinar: Single day/module EUR 250,00 each, 4 days EUR 900,00 in total. The prices listed are per person, include training material and a training certificate. The schedule above can be adapted individually to your needs. A QF-Test training license will be provided. In order to achieve the best possible training outcome we recommend all participants to familiarize with QF-Test in advance, e.g. by watching the QF-Test videos: <https://www.qfs.de/en/qf-test-videos.html>. Please plan one additional hour per day for exercises.

Following your registration (via email, fax or mail) you will receive a confirmation by email. For registration or questions regarding training, please send an email to webinar@qfs.de, a fax to +49 8171 38648-16 or call us at +49 8171 38648-10. Further webinar offers as well as the current webinar dates can be found here <https://www.qfs.de/en/qf-test-support/webinars-reviews.html>.

Technology for webinar: GoToMeeting/TeamViewer/tool of your choice. These tools install themselves as plug-in for your browser when you point it to the meeting URL received from us. In parallel we simply use the phone for voice communication. In case of several different participants we will employ a phone conference service, which will cause minor additional costs.

This offer is targeted at corporate customers only. Prices exclusive of VAT, as of April 2018. Subject to alterations. Licensing, support and training or consulting for QF-Test are based solely on the conditions listed on our web page at <https://www.qfs.de/en/contact/terms-conditions.html>.
